

LineSTAR

Utility Supply Inc.

Overhead & URD Non-Contact Live Voltage Tester

The patented ferroelectric detector and updated design techniques maximizes reliability and long life, and provides increased safety for today's electrical personnel.

Static Discriminator technology exclusive in the LiveTester provides more reliable detection on low voltage ranges and now means no more false

#STA-LT-US

- * Patented Ferro Electric Detector
- * Electronic Touch pad control
- * Water resistant design
- * 11 range settings from 240v to 230 KV plus 2 URD settings of 15KV and 25kV.

Linestar is the Exclusive Distributor for the STA-LT-US
