### What is Envirocleanse-A?

Envirocleanse-A is a broadspectrum, liquid disinfectant that is safe for use on all hard surfaces and is gentle enough to use around kids and pets.

Envirocleanse-A contains the active ingredient of hypochlorous acid (HOCl) and water. The hypochlorous acid acts as a disinfectant and is the same chemical produced in our own bodies by white blood cells to attack pathogens and fight infections.

Envirocleanse-A meets EPA criteria for use against **SARS-CoV-2**, the novel coronavirus that causes **COVID-19**
